#### **References for the *Loris* distribution maps (Figures 11 & 12):**

Figure 11 - Based on distribution areas described by Hill (1933, 1953), on the origin of museum specimens collected between 1889 and 1929 (Jenkins, 1987); on specimen localities mentioned by other authors (see references for *Loris* distribution maps); and information by K. A. Nekaris (pers. comm.). Some of Osman Hill's information about *Loris* distribution is apparently guesswork, based on habitat quality and distribution of sympatric simian primate species

Figure 12 - Redrawn (changed) from Osman Hill (1953); corrected with regard to specimen localities, altitude and vegetation (see Schulze and Meier, 1995). Includes information from: Osman Hill (1933, 1953); Fiedler (1956); Jenkins (1987); specimen localities mentioned by other authors (see references for *Loris* distribution maps); S. Verner-Carlsson (pers. comm.); an unsystematic search by Meier and Nieschalk; and information by the chief game warden of Yala National Park (Schulze, Meier 1995).
